A large digital display is the central focus. It features a white background with a blue UI overlay in the top left corner, including icons for search, back, and a list. In the top right, there is a historical photograph of a dark sedan, with a smaller, semi-transparent version of the same image overlapping it. Below the photo is a line of Chinese text: "1956年8月1日第一辆红旗轿车出厂". At the bottom of the display, a detailed model of a dark sedan is shown on a red carpeted platform, surrounded by gold stanchions and a rope barrier. The display is mounted on a dark stand.
